

Mrs. Dolson's T/Th Threes

April News

S

science

- Earth Day activities; what can we do to help the earth and why we should all do our part
- Study & compare different types of bird nests
- "How do trees breathe?" experiment
- Examine structures of leaves, seed pods, flowers/wildflowers; plant seeds and monitor growth
- Watch the process of metamorphosis with our very own class caterpillars!

Important Dates:

NO SCHOOL: 4/2, 4/5

Birthdays:

Hudson, 4/7

Addie, 4/22

t

technology

- Using dry-erase and salt/glitter trays for writing practice
- Using our eco-friendly pot maker to make plantable pots for our vegetable seedlings
- Using our microscope to observe leaf and flower cellular structures

r

religion

- Bible stories to include:
 - Jesus, Risen and Revealed
 - Community and Condemnation
 - Phillip Baptizes the Ethiopian
 - The First Church Council

All families are welcome to come take a look at our outdoor classroom (outside of school hours when students are present) to see our gardens in progress!

e

engineering

- Mini-cup stacking and plastic egg stacking challenges
- Plastic egg challenge (fit tops to bottoms, colors may match, sizes won't!)

a

arts

- Stories include: *The Very Hungry Caterpillar*, *Duckling Gets a Cookie*, *The Pigeon Needs a Bath*, *The True Story of Easter*
- Watercolor paper wildflowers
- Creating paper birds and butterflies
- Shaving cream and paint paper "marbling"

If you ever have any questions or concerns about anything, please feel free to message me on Brightwheel, call, text, or email me anytime!

m

math

- Roll-A-Cookie game (roll dice for number of chocolate chips, etc)
- Easter Egg Addition (count and add small items inside two plastic eggs)
- Jelly Bean and Froot Loop sort/count/graph
